# MONTAGUES

*And then will you be more caring of our  
woes,*

*And lead us even to truth meantime forbear,*

*And let biology be slave to patience.*

*Cast out the part-ofs of suspicion.*

*And then will I be more caring of  
your woes,*

And when I showed them my DAG they... they laughed at me and spit in my hair.

You poor dear! That would never happen in my AI department. Let me hold you, and the healing can begin.

*And lead us even to truth  
meantime forbear,*

**GET AWAY FROM  
THAT GOLDEN  
CALF!**

You damned dirty apes!

Do what he says!  
He's got a gun!

*And let biology be slave to  
patience.*

**One of them will be  
done soon... I'll make  
it... Be strong...**

*Cast out the part\_ofs of suspicion.*

## Epilogue

*A reason'd peace this meeting with it brings;  
The Smith, for sorrow, did not show his head:  
Go hence, to have more talk of these great things;  
Some shall be forgot, and some publish'd:  
And never did we fully capture what we know  
So Paronomy, epistemology and discord let us forgo  
For never was a story of more woe  
Than to be hungoe'r and have slides to show.*

*Exeunt*
